NOTES:	Starting with the 2017-18 school year, we no longer designate dual enrollment status on transcripts. Even if a course has "Dual Enroll" or "Honors Plus" in its title, it does not guarantee that the student actually paid the dual enrollment fee or earned college credit. It is up to the student to contact the college to prove credit was earned.		
	Starting 2021, all dual enrollment courses are offered through Colorado Christian University.
